JavaScript/React Developer

I recently graduated from Yildiz Technical University with a degree in Civil Engineering, but after careful consideration, I decided to pursue a career in a field that I have always been interested in. To achieve this goal, I developed a career plan that involved acquiring new skills and knowledge.I began by obtaining a Beginner Front End Web Development Certificate from Patika.dev, and then completed a Bootcamp acceleration program to prepare for boot camps. I successfully completed the React Bootcamp, where I honed my technical skills and improved my communication skills through group work and other interactive activities. I am currently strongly interested in frontend development technologies, and I am committed to staying up-to-date with the latest advancements in this field.Throughout this process, I have demonstrated a keen ability to learn quickly and approach challenges with innovation and timeliness. I believe that my experiences and skills make me a strong candidate for any engineering position.

Specialties: JavaScript, React, Typescript
Technologies: Bootstrap, Html, Css, Git, TailwindCss
Languages: English: C1, Russian: A1
Programming resources used for self-learning: Stack Overflow, React Docs, Frontend masters, Free Code Camp, Traversy Media, Code With Harry, Clever Programmer, Patika.dev
Interests: I am interested in games, social activities. While I was at university, I participated in many events with a 3-year DOGDOK (Digital Game Development and Digital Acting Club) membership .

PROFESSIONAL EXPERIENCE

8th Regional Directorate of Highways   **July - Sept 2021**
Intern
- I took part in the management, execution and control phases of projects with Netcad and Autocad.

Haknur Construction Inspection LTD. STİ.   **June- Sep 2020**
Intern
- I took part in the construction of reinforced concrete buildings in field engineering

EDUCATION AND COURSES

Civil Engineering (Bachelor's Degree), Yildiz Technical University   **2015 - 2021**
Kodluyoruz React Bootcamp *Link*   **Nov-30 2022**
Kodluyoruz Bootcamp Accelerator Program-Javascript *Link*   **Jul - Sept 2022**
Patika.dev Beginner Frontend Web Development Path *Link*   **May - June 2022**

PROJECTS

RealtorFF *(Code/Live)*   *2022*

Technologies: ReactJS, JavaScript, Html, Tailwind Css
Features: Form, Firebase, React toastify

Personal Portfolio*(Code/Live)*   *2023*
Technologies: NextJs, JavaScript,TailwindCss
Features: Responsive design, interactive UI components, and project showcases..
